

## CRFR1 Antibody (Q103)(4ab030188)

Product name:	CRFR1 Antibody (Q103)
Catalog no:	4ab030188
Size:	100ul
Background:	<p>This gene encodes a G-protein coupled receptor that binds neuropeptides of the corticotropin releasing hormone family that are major regulators of the hypothalamic-pituitary-adrenal pathway. The encoded protein is essential for the activation of signal transduction pathways that regulate diverse physiological processes including stress, reproduction, immune response and obesity. Alternative splicing results in multiple transcript variants.</p>
Storage:	Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.
Predict MW:	
Synonyms:	
Conjugate:	Unconjugated
Tested application:	WB, FC
Clonality:	Polyclonal
Isotype:	Rabbit Ig
Host:	Rabbit
Immunogen:	This CRFR1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 88-119 amino acids from human CRFR1.
Reactivity:	Human
